Service and Support
Help maximize device availability and business operations with Zebra OneCare Support Services.

POWERFUL FEATURES TO BOOST PRODUCTIVITY

More rugged and ready for all-day business

You get reliable operation and peace of mind with an increased 6 ft./1.8 m drop specification across the operating temperature, triple the tumble specification (3,000 3.3 ft./1 m), and now IP64 dustproof sealing. With Corning® Gorilla® Glass on the touch panel and scan window, your investment will be protected from regular wear and tear.

Superior performance on all your voice and data apps

Power even the most demanding apps of today and tomorrow with the most powerful processor and most memory in this class — every model offers an ultra-powerful 2.2 GHz octa-core processor and 4 GB RAM/ 32 GB Flash.

Power three shifts with the class-leading 7000 mAh battery

The new 7000 mAh extended capacity battery is standard with every MC3300X. More power means fewer battery changes, easier battery management, and a smaller battery pool with fewer batteries to purchase and manage, saving time and money on your deployment.

Maximum WiFi range and speed — with less power

2x2 Multiple-User Multiple Input Multiple Output (MU-MIMO) technology allows access points to communicate with multiple devices simultaneously via pinpoint beamforming, boosting WiFi network capacity, speed and range. And the processing is shifted from the mobile device to the access point, extending battery life.

The perfect combination: touchscreen and keypad

Whether your application requires touch or physical keypad input, we've got you covered. Your application can utilize the entire display, while the physical keypad provides the same familiar user input experience your workers have today. In addition, the touchscreen paves the way to migrate to intuitive touch-based interfaces. And with three different options, you can choose the right keypad for your data entry needs — alphanumeric, numeric and functional numeric.

THE MC3300X — MORE POWER, MORE RUGGED AND MORE TOOLS TO BOOST PRODUCTIVITY.

Bluetooth 5.0 — twice the speed, four times the range, less power

Speeds up to 2 Mbps improve the performance of Bluetooth peripherals, such as ring scanners, printers and headsets. The result? Faster application response times, faster printing and better voice quality. And battery runtime is also extended, since Bluetooth Low Energy reduces power consumption.

Integrated NFC for simple, split-second pairing

With a quick tap, workers can pair the MC3300X with Zebra's family of ring scanners, mobile printers, and Bluetooth headsets — your pairing possibilities are endless.

THE ULTIMATE IN DATA CAPTURE PERFORMANCE AND OPTIONS

Wide range of scanning options

Short, mid or long range 1D and 2D scanning — the SE4850 scan engine does it all. With its extended range, workers can capture barcodes in hand as close as 3 in./7.62 cm and on your uppermost warehouse racks — as far as 70 ft./21.4 m away. Capture the widest of barcodes at close range with the industry-leading field of view. The standard range 1D/2D SE4770 captures barcodes up to 24 in./60 cm away, and offers a large sweet spot for point-and-shoot simplicity. The SE965 delivers best in class 1D scanning, able to capture barcodes up to 16 feet away. No matter which scanner you choose, the MC3300X captures it all — even barcodes that are scratched, dirty, poorly printed or under shrinkwrap.

Capture multiple barcodes with one press of the scan button

Do you need to capture multiple barcodes on one or more labels on an item? The MC3300X makes it easy. Workers can easily capture all the right barcodes on numerous labels, all with one press of the scan trigger. Data is automatically formatted correctly and sent to the right fields in the right order in your applications, eliminating the need for workers to cover up barcodes.

Capture high-resolution photos and video to streamline your business processes

The optional 13 MP rear-facing color camera makes it easy to capture photos and videos to document proof of condition, proof of compliance and more.

THE ULTIMATE IN FLEXIBILITY AND COMFORT

Scanning comfort for every worker with four models

Choose the model that best meets your scanning requirements: pistol grip for the most scan intensive tasks, rotating turret for scanning comfort in the widest range of hand positions, a 0° straight shooter for everyday standard and long range scanning, and a 45° straight shooter that brings exceptional ergonomics to standard scanning.

Unmatched ergonomics

Zebra's award-winning design team has done it again — the ergonomically balanced MC3300X provides all day comfort, even throughout the most scan intensive work day.

THE ULTIMATE IN ANDROID SUPPORT

The only device in this class to offer Android 10

The most powerful version of Android yet, Android 10 makes the MC3300X easier to use and even more secure. For your IT department, there are 50+ new security and privacy improvements.

A lifetime security guard for Android

With LifeGuard™ for Android™, you get the security updates you need to keep your MC3300X mobile computers secure every day they are in service — along with an easy end-to-end control of the OS update process, plus built-in support for the next version of Android.

POWERFUL ZEBRA-ONLY MOBILITY DNA™ TOOLKIT PUTS THE MC3300X IN A CLASS OF ITS OWN

Over 17 value-added tools boost workforce productivity, simplify device management and improve device performance

Start capturing and sending barcodes right to your applications, right out of the box with DataWedge. Find lost devices easily with Device Tracker. Ensure devices are used only for work with Enterprise Home Screen. Instantly stage a handful or thousands of devices with a quick scan of a barcode or tap on an NFC tag. Take your WLAN performance to the next level with WorryFree WiFi. Add basic push-to-talk capabilities with Push-to-Talk (PTT) Express or advanced PTT with Workforce Connect™ PTT Pro, an easy-to-launch subscription service. And you can turn your MC3300X into a fully-featured PBX handset with an easy-to-use customized interface with Workforce Connect Voice.

Support your Terminal Emulation (TE) apps right out of the box

Run your existing TE apps, right out of the box — no backend modification or user training required. Two solutions make it easy to transform your green screens to intuitive touch screens that boost productivity. All Touch Terminal Emulation (ATTE) powered by Wavelink, one of the world's most popular Terminal Emulators (TEs), is ready to use at no cost — pre-loaded on every model and pre-licensed on the gun-style model. And if you're using tekTerm with your legacy WinCE devices, Stylized SmartTEK paves the way for easy migration to the Android-based MC3300X. And if you want to use a different TE, no problem — with support for leading TEs, the choice is yours.

COST-EFFECTIVELY UPGRADE TO NEXT-GENERATION TECHNOLOGY

Backwards and forwards accessory compatibility

You can use most of the MC3200 and MC3300 accessories you already own, maximizing your current accessory investment to minimize the cost of upgrading to the very latest in mobile technology.

MC3300X SPECIFICATIONS

Physical Characteristics	
Dimensions	<p>MC3300X Straight Shooter (45° Scan and 0° Scan): 7.96 in. L x 2.94 in. W x 1.35 in. D 202.2 mm L x 74.7 mm W x 34.5 mm D</p> <p>MC3300X Turret/Rotating Head: 8.79 in. L x 2.94 in. W x 1.35 in. D 223.4 mm L x 74.7 mm W x 34.5 mm D</p> <p>MC3300X Gun/Pistol: 7.96 in. L x 2.94 in. W x 6.45 in. D 202.6 mm L x 74.7 mm W x 163.9 mm D</p>
Weight	<p>MC3300X Straight Shooter (0° Scan): 15.7 oz./445 g</p> <p>MC3300X Turret/Rotating Head: 16.2 oz./460 g</p> <p>MC3300X Gun/Pistol: 18.4 oz./522 g</p> <p>MC3300X (45° Scan): 15.9 oz./450 g</p>
Display	4 in. WVGA (800 x 480), LED backlight, color display
Imager Window	Corning® Gorilla® Glass
Touch Panel	Corning® Gorilla® Glass touch panel with air gap; supports dual input mode with finger, gloved finger and stylus (conductive stylus sold separately)
Power	All models ship with rechargeable Li-Ion, 3.6V, 7000mAh PowerPrecision® battery; full charge under five (5) hours; hot swap support with temporary WLAN/Bluetooth session persistence
Expansion Slot	User accessible MicroSD with 32GB SDHC and up to 512GB SDXC
Network Connections	USB 2.0 High Speed OTG (Host and Client) WLAN (WiFi), WPAN (Bluetooth)
Notification	Audible tone, multi-color LEDs
Keypad	Numeric (29 key), Function Numeric (38 key), Alpha Numeric (47 key)
Voice	PTT Express and Workforce Connect PTT Pro (Internal speaker, microphone and Bluetooth wireless headset support)
Audio	Built-in speaker and microphone
Buttons	Two programmable side scan keys

Performance Characteristics

CPU	Qualcomm Snapdragon™ 660 octa-core, 2.2 GHz
Operating System	Android 10, upgradeable through Android 12* with Zebra's Restricted Mode for control over SMS and other services (* Support for future Android OS releases past A12 are subject to Qualcomm validation.)
Android Enterprise Recommended (AER)	Google AER Certified
Memory	Worldwide: 4 GB RAM/32 GB Flash Memory China only: 4 GB RAM/16 GB Flash Memory
Security	Product is FIPS 140-2 validated. This security feature can be enabled on select configurations through a custom SKU Request. Product supports Secure Boot, Verified Boot

User Environment

Operating Temp.	-4° F to 122° F/-20° C to 50° C
Storage Temp.	-40° F to 158° F/-40° C to 70° C
Humidity	5% to 95% RH (Non-condensing)
Drop Specifications	Multiple 6 ft./1.8 m drops to concrete across the operating temperature range per MIL-STD-810G
Tumble Specifications	3,000 3.3 ft./1.0 m tumbles; meets and exceeds IEC tumble specification
Sealing	IP64 per applicable IEC sealing specifications
Vibration	4g's PK Sine (5Hz to 2kHz); 0.04g 2Hz Random (20 Hz to 2 kHz); 60 minutes duration per axis, 3 axis
Electrostatic Discharge (ESD)	+/- 15kV air, +/-8kV contact discharge +/-8kV indirect contact discharge

Put the MC3300X to Work In:

Warehousing/Distribution	Manufacturing
Warehouse management	Inventory management
Picking and putaway	Supply-line replenishment
Returns processing/reverse logistics	Safety testing
Voice-directed applications	Parts tracking
EDI transactions	
Yard management
